I Can Say Excuse Me

My mom	talks	to lots of people

She	likes	to talk	to other people	Some moms do

But sometimes	when mom	is talking	to someone,
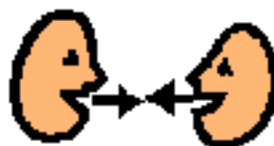

I want	to talk	to her	too

I can say	"excuse me"	"excuse me"
And see	if mom	can talk	to me
Sometimes	mom	will answer me right away
I can say	"excuse me"	just once 1
And see	if mom	can answer me
And if she	doesn't answer me
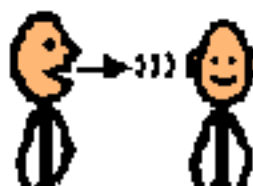

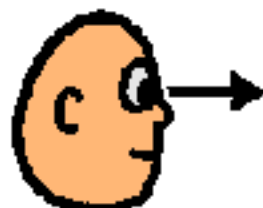

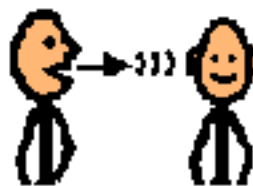

I	can wait	until she's through	talking

My teacher talks to lots of people
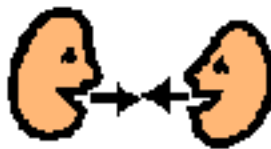

She likes to talk to other people. Some teachers do

But sometimes when she isn't talking to me,

I want to talk to her too.

I can say	"excuse me"	"excuse me"
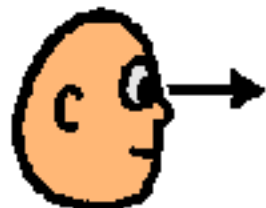

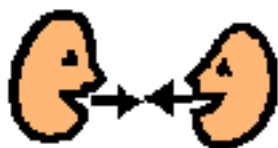

And see	she 250:5 8+6 A B C	can talk	to me

Sometimes	she 250:5 8+6 A B C	will answer me right away
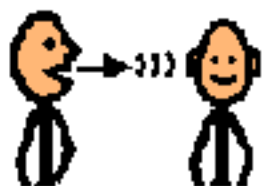

I can say	"excuse me"	just once **1**

And see	if she 250:5 8+6 A B C	can answer me

And if she 250:5 8+6 A B C	doesn't answer me
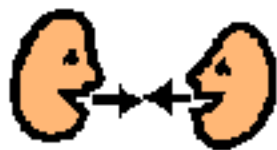

I	can wait	until she's through	talking
		250÷5 8+6 A B C	
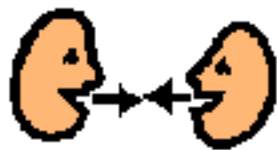

This will make	Mom	happy

if I	can wait	until she's	finished	talking.

This will make	Dad	happy.

I'm	going to try	to be polite.
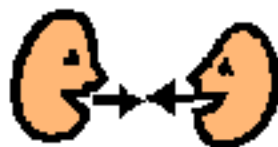

Waiting	to talk	can be alright.
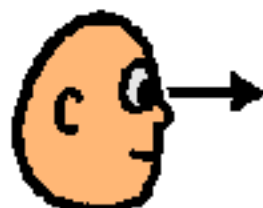

I can say	"excuse me"	"excuse me"
And see	if they	can talk	to me
Sometimes	they	will answer me right away
I can say	"excuse me"	just once **1**
And see	if they	can answer me
And if they	don't answer me	
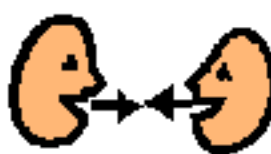

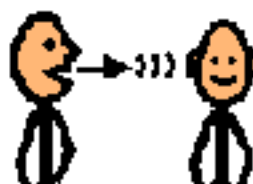

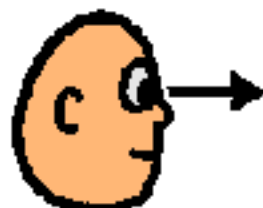

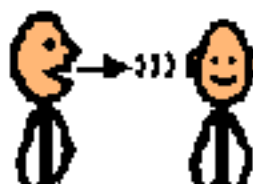

I	can wait	until they're through	talking
